It is a online platform that students can use to learn about their skills and interests, explore post-secondary options, create a four-year plan, create a resume, and more. - Identify your strengths and how they translate to careers
- Discover what your learning style(s) is
- Compare colleges and other post-secondary education opportunities
- Research careers, finding out typical job responsibilities, education required, salary, and more
- Make a four-year plan for high school, identifying which classes to take each year
- Create a resume, listing accomplishments, jobs, volunteer hours, and more
